LAW FIRM OFFERS “WILLS WHILE YOU WAIT” FOR BUSY PARENTS

For parents of minor children, there’s barely time to sleep, much less to get a Will and other estate planning documents in place. But, **a well-designed estate plan can provide important protection for the children, as well as peace-of-mind for parents.**

Recognizing the difficulty young parents face, FENSTER & LEWIS, LLC — a local law firm well-respected in the practice areas of estate planning, estate administration, trusts, and elder law — has designed a “one-meeting” **Family Will Package.**

Information is obtained from the client and options discussed via telephone, mail, e-mail, texting, and/or fax ... whatever works for the client! Upon arrival at the office — evening and weekend appointments are available — drafts of the Wills and other estate planning documents are ready for review, revision and signing ... all in one meeting.

David D. Fenster, a partner at the firm, stresses that this is not a standard, fill-in-the-blank Internet kit. Rather, Mr. Fenster notes that: “Our program combines new communication technology with the important old-school face-to-face meeting to provide an easy, low-cost planning option for those who need a Will the most ... young parents.” He goes on to emphasize that the end product is a complete, integrated, personalized estate plan.

The Family Will Package is competitively priced and includes: Last Wills & Testaments, Powers of Attorney, Health Care Proxies, Living Wills, and assistance reviewing and updating change of beneficiary forms.
